JONATAN BLOMBERG

Gothenburg, Sweden | +46 731 432 838 | jonatan.blomberg@icloud.com | www.linkedin.com/in/jonatanblomberg

I am a tech-enthusiast with a background in product management and B2B operations. Currently completing a B.Sc. in Informatics with specialization in systems development, combining programming, systems analysis and agile methods with strong business understanding. I am also an early adopter passionate about new technologies and motivated to contribute to building future-oriented IT solutions. Check out my personal website for more information: **https://jonatanblomberg.se**
